

**Installation Instructions**  
**6105CW and 6108CW Adjustable Corner Wedge**

- 1) Place Corner Wedge on desktop, preferably creating a 45° angle.
- 2) Pull bottom lip of Corner Wedge down, push Corner Wedge snug over front of desk & squeeze Corner Wedge tight.
- 3) Secure with two wood screws in corner holes (provided)
- 4) If attaching track for articulating arm, follow directions and use hardware included with arm. There are holes provided in the Corner Wedge to attach the front of the track and the track guard. The rear of the track will attach to the desk.
