Tablet or Touch Screen – Holds Position – Extended Height Range

Restaurants, retail, medical offices all use tablets or touch screens. Until now, they were set to a fixed height with no flexibility for mounting or saving valuable space. Now the Academy Series **ACE15-T** and **ACE20-T** arms are available for tablets or touch screen point-of-sale applications.

Finally, instant height and focal distance adjustment is available in a durable and extremely adaptable solution.

Perfect for small light weight tablets or standard monitors with no low end limit.

Features

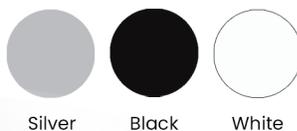

- ▶ Theft-Proof Tablet Bracket
- ▶ 360° Degree Swivel
- ▶ Focal Distance Extension - 23"
- ▶ Superior Height Range - 15"
- ▶ Holds Tablet Position - All counterbalance systems use gas cylinders or springs that can drop down when in use. Our **ONE WAY Friction Lock** supports the weight of both hands.
