# Auxillary Support Arm

Keyboard Platform Mount

- Ultra strong ¼" thick life-time material
- Optional mouse platform features
- Keyboard mounting plate with stabalizing tilt
- Platform folds up for storage
- Fits all Grand Stands platforms

Monitor Mount

- Adapts to ACE15 and ACE20 Monitor Arms
- Tilt adjustment, swivels portrait to landscape
- VESA Compatibility: 75x75mm/100x100mm
- Internal Cable Management

Tablet Mount

- Locking tablet holder opens to fit tablets from 9.5" - 14.5"
- Theft-proof bracket
- Extremely adaptable solution

Laptop Platform Mount

- 1/4" phenolic platform with adjustment handle
- Dual bungee cord secures laptop with locking clips

ONE-WAY Friction Lock Technology

Provides the friction to keep the monitor, tablet, laptop or auxillary mount from floating up or dropping
instead of using a gas or spring cylinder to "push up" the monitor.

Customizable Channel Mounts

Lab and workbench furniture has limited surface space. Grand Stands has many upright support mounts for technology such as monitors, laptops, tablets, keyboard trays or custom items such as utility storage bins or shelves.

Our research found that with these mounts we can accommodate 92% of all upright solutions.
